

COVID-19 (Coronavirus) Update from Audiology Experts

March 23, 2020

To Our Valued Patients and Families,

Due to the COVID-19 Pandemic, Audiology Experts is taking precautionary steps to protect the health and well-being of our patients by discontinuing in-person appointments until further notice.

We are still available for support by phone at 817-451-4818.

A drop-off service can be arranged for devices that need servicing. Supplies such as batteries, wax guards, cleaning brushes, oto-ease, replacement domes, etc. can be mailed for your convenience.

Thank you for your patience and understanding as we work to keep each other and our community in good health. As always, we can be reached at 817-451-4818, hearing@audiologyexperts.com, on our Audiology Experts Facebook page, or by leaving a message for us through the website at www.audiologyexperts.com.

Please continue to practice social distancing and hand washing, and we hope to be seeing you for in-person appointments very soon. Once again, thank you all for choosing Audiology Experts for your hearing healthcare needs.

Dr. Lisa B. Fell
